Profile

Results-driven Software Engineer with 3+ years of full-stack experience, crafting scalable web solutions using Golang, Django, and JavaScript. Known for leading end-to-end development, optimizing performance, and turning complex challenges into efficient, user-focused products. Proven track record of delivering high-impact applications under tight deadlines while maintaining code quality and system reliability. Passionate about building technology that drives real business value.

Experience

- ❖ **Software Engineer 1, Think Future Technologies** **Jan 2022 – May 2023**
 - ❑ Led development across three distinct full-stack projects, demonstrating strong adaptability and command over multiple technologies and frameworks.
 - ❑ Proficiently developed, tested, debugged, and maintained applications using **Golang, Python (Django), JavaScript, HTML, and CSS**.
 - ❑ Collaborated closely with QA teams and stakeholders to ensure delivery of high-quality software aligned with business goals.

 - ❖ **Software Engineer, Freelancer** **Oct 2023 - Present**
 - ❑ Designed and developed a full-scale E-Commerce platform for a Dubai-based client specializing in Abaya fashion. Single-handedly managed the entire backend and frontend infrastructure, resulting in a **30% increase in sales within the first few months** of launch.
 - ❑ Delivered complete solutions including **server deployment, database management, user interface design, and payment gateway integration**.
 - ❑ Built **RESTful APIs and scalable web applications** for multiple clients across various industries, tailored to their unique business needs.
 - ❑ Proficient in **Golang, Python (Django), JavaScript, HTML, and CSS** for full-stack development.
 - ❑ Ensured high-quality delivery through rigorous **testing, debugging, and performance optimization**.

Skills

- Golang
 - Python
 - Django
 - Data Structures and Algorithm
 - Rest APIs
 - SQL
 - Postgres
 - Software Debugging
 - Software Development Life Cycle (SDLC)
 - GIT
 - Code Development
 - System Design (HLD)
-
-

Education

- ❖ **Guru Gobind Singh Indraprastha University, BPIT** **Aug 2018 – Jul 2022**
Bachelor of Technology, Percentage – 89.9%

 - ❖ **Arwachin Bharti Bhawan Sr. Sec. School, CBSE** **Apr 2016 - May 2017**
Class XII, Percentage – 74.6%

 - ❖ **Arwachin Bharti Bhawan Sr. Sec. School, CBSE** **Apr 2014 - May 2015**
Class XII, Percentage – 83.6%
